Experience

Department of Chemistry, University of Liverpool, Tenure-Track Fellow, Liverpool AI Fellowship — Liverpool, UK; 2026 – present; 1 year

STFC Hartree Centre, Quantum Software Engineer — Daresbury, UK; 2023 – 2026; 3 years

Education

University of Oxford, Theoretical Chemistry — Oxford, UK; 2019 – 2023

University of Oxford, Theoretical Chemistry — Oxford, UK; 2018 – 2019

University of Colombo, Chemistry — Colombo, Sri Lanka; 2013 – 2017

Publication Record

- See the Publications page, or Google Scholar.

Talks and Presentations

- **Invited Speaker**, Advancing Quantum Algorithms and Applications Workshop, IBM London (2026): *Advancing Quantum Computing for Complex Challenges: Partnership and Impact*.
- **Invited Speaker**, Department of Physics Research Seminar, University of Liverpool (2025): *Quantum computing research at Hartree Centre*.
- **Oral Presentations**: RSC Spectroscopy and Dynamics Group meeting (Durham, 2023), Theory and Modelling of Chemical Sciences Symposium (Oxford, 2022), and Physical and Theoretical Chemistry Graduate Symposium (Oxford, 2022).
- **Poster Presentations**: A list of posters can be found here.

Leadership and Outreach

- **Cohort Member**, Broadening Horizons in Chemical Sciences, Royal Society of Chemistry, second cohort (2023–2024). The programme supports students from ethnic minorities in pursuing careers in the chemical sciences.
- **Sri Lanka National Chemistry Olympiad**: committee member, problem setter, and national team trainer for the International Chemistry Olympiad (2022–present).
- **Quantum Sinhala Programme**: lecturer for a five-part virtual lecture series on quantum mechanics in Sinhala for Sri Lankan high school students, attended by over 100 students (2020).
